JavaScript
React.js
GIT
Github

UI UX DESIGN

Figma
Photoshop

EDUCATION

TECNIA INSTITUTE OF ADVANCE STUDIES

Bachelor of Computer Application 2021 -Present

In this course, I gained valuable insights into software engineering, with a specific focus on web development. I honed my skills in building robust and user-friendly websites, combining theoretical knowledge with practical application to deliver successful projects.

SACHIN & RAM INSTITUTE

2022-2023

Diploma in Computer Operator

I mastered MS Office, MS Excel, and gained a solid understanding of computer fundamentals and operations, enhancing my overall computer literacy.

EXPERIENCE

CRYSTAL POJECTION SCREEN PVT. LTD.

Computer Operator Aug 2022 -Apr 2023

I'm here doing a job as a computer operator and social media handler. In this role, I manage computer-related tasks and oversee our company's social media presence. I ensure that our online platforms are engaging and up-to-date, helping us connect with our audience and effectively promote our products and services.

NIRVASA HEALTHCARE PVT. LTD.

Telle-sales Jun 2021 -Mar 2022

I'm in the process of learning freelancing on Fiverr under the mentorship of Anurag Rathore. My mentor gives me various basic problems and projects to solve, which has been a valuable learning experience in honing my web development skills.

PROJECTS

FITNESS TRACKER :

- Proficiency in HTML5, Tailwind CSS, and React.js & Familiarity with Figma for UI/UX design.
- Implemented features for calculating calories and measuring BMI, showcasing front-end development skills and design proficiency.

NEWS AGENT :

- Proficient in HTML5, CSS3, and JavaScript for dynamic web apps, with JSON API integration for real-time news.
- Proficient in Figma for user-friendly interface design.

MEME GENERATOR :

- Proficient in dynamically generating memes using JSON APIs, showcasing strong API integration and web development skills.

NETFLIX HOMEPAGE CLONE :

- Utilized HTML5 and CSS3 to create the website's structure and style. Employed Tailwind CSS for streamlined styling and responsive design.
- React: Leveraged React to build and manage the user interface components, ensuring modularity and code reusability.
